Sprint 12

- Include open issues we have found but won't fix
- GUI

Task Card 3: [Peer assessment](#)

- ...we will do it all together in our next call

Task Card 4: Read-me file

- Incl. file tree and explanation for "how to run the game"

Task Card 5: Add test cases into testing section in the sprint documentation

4) Requirement analysis

5) Design

6) Test plan and evidence of testing

7) Summary of sprint

Sprint 12 as our last sprint only contained finishing the project itself (video, peer assessment, game manual, etc.). Thus, there was no need for a requirement analysis, testing, etc.

To Do's:

- Add Tang's test cases to the sprint → Vivien
- Hayden: Dice class testing → sprint 1 done

Sprint 12

- Address missing testing cases in the report (only tested the main features) → Vivien
- Finish UML-Diagram and add to the website → Vivien
- Export all meeting minutes → Vivien
- Collect all open issues in the manual: "known issues"--> everyone
- Upload all final pdfs on GitHub
- Change the gitbook to be less-detailed → Hallton
 - Adjust website: "Meeting Records" - timeline + link to meeting minutes (pdf files on Google Drive)
